

CORONAVIRUS - VADEMECUM

What are the symptoms?

Fever and flu-like symptoms as cough, sore throat, shortness of breath, body pain, fatigue and tiredness

I have fever and flu-like symptoms, what do I do?

Stay home and call your doctor

How soon do I have to call the doctor?

Immediately. Call as soon as you have symptoms, explain symptoms and contact at risk

I can't call my doctor, what do I do?

Call emergency numbers: 1500 or 800 11 88 00

Can I go to my doctor or to Pronto Soccorso?

No. If you go to your doctor or to Pronto Soccorso without having agreed, you risk to infect other people

How can I protect my family?

Follow personal hygiene behaviours (wash your hands often) and keep the environment clean. If you think to be sick, wear a surgical mask, keep a distance and disinfect everyday objects.

Where can I do the test?

I test are carried out only in selected public system laboratories. Your doctor will give you every information, if needed.

Where can I find other information?

Follow only the indication of official website, for example salute.gov.it/nuovocoronavirus
